DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Group I in Paper No. 3 is acknowledged. The traversal does not present specific arguments and as such is being treated as an election without traverse.

The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-12 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A careful review of the elected claims shows that they are indefinite and confusing. The description of the patternable design is described in such a way as to render one of skill unable to replicate the conditions. One example of this is at line 6 of claim 1 stating "first one or more at least substantially". A careful review of the claims is required.
